

The Focus of the August 14th Prayer Conference Call

Dr. Corinthia Boone

Charged the group to keep alert, watch, intercede, open our mouths and claim the mysteries of the good news of the gospel of Jesus

She recalled the following word from Chuck Pierce given to her on May 4, 2003 – This is the time that you will see the fire sweep this area. There have been 12 distinct districts in this area that have never been put up & receive the fire & anointing that I have for them – I am going to open them up to the dawning of a new day for the dark areas of the city. The Lord says you will be able to sound trumpets; you will be able to be connected to those who are going in. The Lord says to make a list of these areas and declare that where darkness has reigned in the city, a new day with fire is breaking through. --- Dr. Boone believes that this is that day!
