

The Focus of the November 6th Prayer Conference Call

Dr. Corinthia Boone

Prayers of Thanksgiving for all of the T.I.M. Pastors who faithfully attended the October 26th Rally, the Board of Elections and Ethics & the DC City Council meetings. She thanked God for his presence at the Rally, and charged us not to forget that the battle is not ours but the Lord's.

Bishop Bobby Holmes

Prayers for Bishop Harry Jackson, Dr. Corinthia Boone, the Missionary Baptist, et al., for godly direction, for open lines of communication to potential participant; and, protection for Bishop and provision for all of his needs.

Pastor Sam Fatoki

Prayed the continuation of one of the prayer themes that predominated at the T.I.M. Meeting on Wednesday from I Samuel 7:7-10 exhorting us to repent for allowing ungodly men to rise to positions of power and leadership. He prayed that leaders of the Christian community will emphasize the "biblical perspective" on same-sex marriage during our public presentations.

Bishop Joseph Hughes

We are God's righteous people and He is blessing and using us as His spokespersons. We will win the battle if we persist in prayer.

Pastor Rudy De Pass

As we go forward with the issue of same-sex marriage, that we would follow the Gideon paradigm in his defeat of the Midianites (Judges 6 - 8), by first getting clarity of what God is speaking and then being obedient, e.g., Gideon pared down his army from 32,000 to 300 men, and then instructed his men to get in position. Using what's in their hands; namely, a trumpet, a clay jar, and a torch, and with a cry of, "For the Lord and Gideon," the enemy became confused, disoriented, and fled. In short, we need to continue to fast, pray, and obey, and see God win our battle.
