Dr. Corinthia Boone

Prayer Points:

- Our main weapon is prayer – prayer, weeping, and fasting
- The victory against same sex legislation in liberal New York, should give us new impetus to proceed; therefore, we pray for:
 - Better communication among church groups; that they would be in a place of unity
 - An assembly of the Elders to weep between the porch & the altar, for there's a great peace for those who walk with the Lord
- We must remember that the battle is only won in the courts of heaven

Pastor Rudy

Scriptural Reference: Numbers 13:30 – 33

Prayer Focus:

- Courage & follow-through for the coalition of Pastors in the metropolitan area with respect to the issue of same-sex marriage in Washington, DC
- That Pastors will pray w/o ceasing for the defeat of the pending same-sex marriage legislation
- That Pastors will emulate Joshua & Caleb that though they saw giants in the land, they looked at the realities through spiritual eyes not through eyes of defeat; we must remember that Christ has provided everything that we need to be victorious
- We need to remember that oftentimes, God places an enemy before us to challenge us to reach our destiny
