

The Focus of the May 14th Prayer Conference Call

Dr. Corinthia Boone's Opening Prayer

- Grateful for what God has done among us with respect to relationships -- such joy, peace, & obedience; where there's unity, you command a blessing
- On the Capital grounds, the sun showed us the beauty of your creation & we thank you for that
- For the mighty work of your bringing together your body, we are grateful

Pastor Rudy De Pass

- I am thankful for the strategy that you gave Dr. Boone & for those who labored with her to execute the program; for the Jethro Principle, & for that tenacity to follow through; for the music provided through Vinesong, Terry MacAlmon, & Ben Harris
- Thanks for the emphasis on the need to focus – to block out the chatter so that we could hear your voice so that we can respond in a timely manner

Bishop Bobby Holmes

Theme: Thanksgiving & Praise

- We praise you for your blessings & how you rained down your presence; for the 9-year old boy who showed forth your power in a strong manner
- We praise you and thank you for how you helped us to keep the focus & how you pressed upon Dr. Boone to focus & to keep our mind upon worship
- Thankful that the budget is almost met
- You are faithful; thank you for moving; the prayers that went forth over that capital -- your word will not return void; we expected yokes to be broken, chains to be loosed in the name of Jesus;

Dr. Hernando Caicedo

- One of the miracles of the event was when the past worship leader said that he could not come, you sent Terry MacAlmon; we come to rejoice because you are our peace
- We thank you for the little kid who gave us a word
- Help us to walk in the faith you have granted us and in the power you demonstrated through that little kid who opened our eyes

Pastor Rudy De Pass

- Lord, Regardless of what the government/courts decide about the NDP, I pray that this day will continue to be commemorated into perpetuity; and what you did yesterday, your presence – will be why it will continue
- I thank you for Pastor Hall & the Bible Read-a-thorn team, the people who sacrificed to come down through the night, thanks for that level of faith
- I pray that the youth will receive this generational transfer of your impartation and that they'll catch that walk of faith necessary for your revelation to manifest; I pray that the youth will catch the need to be focused, so that your presence can prevail

Bishop Bobby Holmes

- Lord, we look forward as to how you'll work things out concerning the Judges and those who will be coming against the NDP; we believe you are God enough to work out every obstacle that confronts us, just as Elijah came up against the 800 prophets of Baal -- you are God

Pastors Prayers for Dr. Boone

- Pastor Rudy De Pass: Lord, you said that the heart of the King is in your hand so we thank you for Dr. Boone's faithfulness, strength – physical, emotional, and spiritual -- to pursue the vision that you laid before her
- Bishop Bobby Holmes: We are thankful for Dr. Boone's strength to speak; not to settle on nothing before praising you first; void of flesh; for the people to be first; she wants you presence to be shown
- Dr. Hernando Caicedo: Thank you for Dr Boone to praise & lift up your name all the times; we know she's connected with you; Lord, you will be glorified because she seeks to glorify you. Many things have been tired to raise money for the NDP. Out of several meetings to raise money, when God got into the boat, it happened. Peter said I know what I am doing – no, the Lord said throw your net onto the other side – and he got more than he thought he could get. God is faithful & sovereign, and we should not worry about anything – when we are discouraged, we have to reach over to the other side, no matter how desperate we are. We give all the glory to God.

Dr. Corinthia Boone's prayer response

- You alone receive all the glory & honor; it is not I but the God in us; the strength, anointing, and the power to do His will & purpose
- And to hear your voice; how we cherish in hearing your voice; and then to have those confirm your voice & walk in the light of what you are saying with such joy & unity. We thank you for that.
- Those young people – those multicultural conversations that we have been having – I'm thankful in my heart that the good things you have done will be continued until the day of your coming
- For the Pastors participating, -- full of vision, in their own right – thank you that they'd prefer one another and show to the world your character – my heart is full of praise & thanksgiving for how you used them; I'm looking forward with eagerness to hear their testimonies
- You said, decree a thing and it shall be established – and we will continue to hold you up until it comes to pass
- Though gross darkness cover the earth, the light of God will shine in us;
- It used to be hard to do the easy things; now it's become easy to do the hard things – is what I heard yesterday
