

### Pastor's Conference Call 7-11-2014

When He saw the multitude, He was moved with compassion. Jesus tells His disciples in Matthew 9 to pray for laborers to reach an abundant harvest. We need to pray that as laborers we have the same compassion of Jesus that was moved by the hurts and pains of the people. God is calling us to pray for His strategy for reaching those whose lives were changed through the Rodney Howard-Brown Revival at Constitution hall. We need God's insight for moving forward.

We are praying for the Now Generation that is seeking where they fit into the Logo's of God's word. Through the Supreme Day of Prayer on Aug 30<sup>th</sup>, we have an effectual door that has been opened to us for connecting our young people with the vision and spirit of Martin Luther King's message. Just as Elijah found Elisha and passed on the mantle, God is calling us to raise up the next generation for *such a time as this*.
